The following is an examiner's statement of reasons for allowance: Applicant is correct in that example 6 of US 4,007,150 shows a compound having a sulfonate group, and the office action contains a typo, the recited example 6 should have been example 7 showing the instant sulfate compound of pyridinium salt. However, applicant has deleted the pyridinium salt from claim 19, and thus overcame the rejection of US 4,007,150.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
